This Product Certificate means the granting of the right to use the **Software Product Certification Mark**, which must be displayed, in a legible, discernible, and indelible manner, on the products covered by this Certificate, as indicated in the following figure:

The Software Product Certification Mark is subject to compliance with the **“Regulations for the Use of the Software Product Certification Mark”**.

#### CLAUSES:

1. The holder must display the Software Product Certification Mark through labels, stamping or other procedure that makes it visible on each unit of the products covered by this Certificate.
2. The holder of this Certificate undertakes to respect the conditions of use, both of the Certificate of Conformity itself and of the Software Product Certification Mark.
3. The holder of the Certificate must guarantee that the certified products that bear the Software Product Quality Certification Mark comply with the specifications of the applicable Mexican Standard.
4. Neither this Certificate of Conformity nor the Use of the Certification Mark, in any case replaces the corresponding product guarantee under the terms of the legislation and regulations in force.
5. The certificate must be automatically canceled when:
  - The technical specifications on which the Certificate of Conformity is based have undergone changes and it is not possible to re-evaluate the product.
  - Misuse of the Certificate of Conformity or the Certification Mark is incurred.
  - At the written request of the owner
  - It is detected during the validity of the certificate that the certified product no longer complies with the standards under which it was certified.
6. Any improper use of the Certificate of Conformity, whether by the holder or a third party, will give rise to legal or judicial action by the NYCE.
